

Madras Saturday Market
Madras, Oregon
Every Saturday at Sahallee Park
June thru September 2018

Jefferson County Businesses,

Every Saturday during the summer, the Madras Saturday Market features locally grown food and locally produced products and provides a venue for these entrepreneurs to sell their products. While the organization is coordinated by volunteers and booth fees are collected, we are seeking additional support from the established business community to provide the necessary promotional support to make this market and community event a success.

Besides the market activities, the Madras Saturday Market showcases other local talent such as musicians, artists, bark in the park, grow and show, and a host of other demonstrations such as OSU Food Heroes, demonstrating the best recipes and preparation of our local produce. We need to expand the market by generating more traffic and increasing the products offered with more vendors. As in other places, an expanded market can create an exciting and positive experience for the whole community, as well as bring customers to our businesses throughout Madras, and Central Oregon.

By agreeing to become a Title Sponsor, \$200 donation, or General Sponsor, \$100 donation, you can be a valuable partner to our local market.
